

Ready To Take Your Exams?

Since 2020, the Department of Pesticide Regulation (DPR) has administered examinations at computer-based testing centers throughout California. Once you have applied for an exam through DPR, you will be contacted by email with the information needed to schedule your own exam.

See below for a list of testing sites. New sites were added this year!

Are You Ready For Your Exams?

Once your examination is referred by DPR, you will receive an email from no-reply@psiexams.com. This email includes important information about how to schedule your examinations. Be sure to check your email's spam/junk folder if you do not receive this email in a timely manner. The computer-based testing center appointment scheduler allows you to pick an examination location, date, and time of your choice!

This is the current list of PSI Examination Sites (updated 8/1/2023):

- Agoura Hills
- Arcata
- Atascadero
- Bakersfield
- Calimesa
- Carson
- Diamond Bar
- El Monte – Santa Fe Springs
- Fresno
- Irvine
