California Notice to Registrants 2006-1 (**Revision**)

To: Pesticide Registrants and Applicants of Pesticide Products
Subject: Workshop for All Product Registrants (**REVISED DATES**)

This notice replaces California Notice to Registrants 2006-1 dated February 1, 2006. The original dates of the workshop were revised due to scheduling conflicts.

The Department of Pesticide Regulation will be sponsoring a workshop on **May 1st** and **2nd** of 2006. The workshop will **focus on changes/impacts to the registration process resulting from Assembly Bill (AB) 1011 and will include a discussion on registration fees led by Chief Deputy Director Paul Gosselin**. Since we anticipate a large turnout for this workshop, we will be limiting the number of participants to 275 based on a first come, first serve basis. Therefore, we encourage you to get your applications in early.

The workshop will be formatted similarly to previous workshops and will include informative presentations, breakout sessions and updates on changes that impact stakeholders.

Attached is a registration form with information about signing up for the workshop. The cost is \$30 and will include a workbook.

Please watch our website for details. Within a few weeks, a specific agenda will be available on our website at <http://www.cdpr.ca.gov/> "Registration," in addition to information about local hotels, parking and map location.

We look forward to seeing you in May!

Sincerely,

Original signed by

Barry Cortez, Chief
Pesticide Registration Branch
Department of Pesticide Regulation
