

Section 6.1

General Permit Requirements

**Permit
required**

Generally, any person that plans to use or possess a restricted material must first obtain a written permit from the CAC. For more information on who needs a permit, including exemptions, see Chapter 5, *Permits and Exceptions*.

**Permit
application
process**

The process to obtain a permit begins with the permit application. The application becomes a permit when it is signed by an authorized person (see page 6-3, *Who is qualified to issue permits*).
(Reference: *FAC section 14006.5*)

Only one permit is required for each operation, regardless of the number of sites involved. However, CACs may choose to issue separate agricultural use and non-agricultural use permits for the same operation.

Permit forms

Each application and permit to use or possess a restricted material must be on a form approved by DPR. All information required for a written NOI must also be on forms approved by DPR.
(Reference: *3 CCR section 6424*)

CalAgPermits, a web-based, statewide permitting and pesticide use reporting system, is approved by DPR and meets the requirements of 3 CCR section 6424.

DPR-approved forms for permit applications and NOIs are available on the DPR web site. See *Inspection and other forms used by County Agricultural Commissioners* at:
<http://www.cdpr.ca.gov/docs/enfcmpli/prenffrm/prenfmnu.htm>. At the bottom of the CAC forms page is a link to the *Pesticide use reporting forms* web page.
