

# Instructions to County Agricultural Commissioners on Rice Pesticide Permit Issuance, Continued

---

## Drift Minimization Requirements

---

### Mitigation measures

- DPR will provide “focused” oversight inspection of thiobencarb aerial applications to monitor thiobencarb drift mitigation requirements.
  - DPR recommends all rice pesticide permits be conditioned with *General Drift Minimization* restrictions.
- 

## Thiobencarb Drift Mitigation Requirements

---

*(Mandatory Preseason Thiobencarb Stewardship Training information has been revised and moved to Subsection C.2.6, Thiobencarb, page C-23.)*
