

## ADDENDUM TO THE SECOND REVISED FINDING OF EMERGENCY

DPR is removing the proposed paragraph on page 4 of the Application for Pesticide Registration DPR-REG030 (Rev. 10/21), incorporated by reference in section 6170, that added the following informational language: “A Guide for Pesticide Registrants is also available on DPR’s website. This Guide includes information regarding the overall process of registering pesticides and information regarding how to maintain registration in California. Checklists for preparing your application package for New Products, Alternate (or Additional) Brand names, Subregistrations, and Label or Formulation Amendments are available on DPR’s website.”
