

California State Polytechnic University, Humboldt Crop Health

Course Name:

- Advanced Study of Rangeland Plants
- Forest and Range Soils Management
- Forest Health and Protection
- Forest Pathology
- Forest Soils Capstone
- General Entomology
- Hydrology and Watershed Management
- Introduction to Soil Science
- Introduction to Sustainable Agriculture
- Origin and Classification of Soils
- Rangeland Resource Science Capstone
- Soil Fertility
- Soil Microbiology
- Soil Physics
- Watershed Hydrology
- Wetland Soils
- Wildland Fire Use
- Wildland Plant Communities
- Wildland Water Quality
